

STATE FREES N. O. COUNCIL FROM ORDER

The State Sanitary Water Board has released New Oxford borough from an order handed down July 16 directing the borough to renovate the sewer system there.

Following a meeting between members of the New Oxford Borough Council and the state deputy attorney general assigned to the Sanitary Water Board, the state sent a letter to the New Oxford Borough Council stating that the order was in error and that the order should actually apply to the New Oxford Drainage Co., which operates that borough's sewer system.

Members of the New Oxford Council said today that they have received no word or order from the New Oxford Drainage Co., concerning its plans in connection with the sewer system.

The drainage company had been ordered to sell its sewer system to the council by today, according to a news release from Harrisburg a month ago. However, no official word was received by the drainage company concerning the matter.

The secretary of the drainage company, Miss Anna Gilbert, said today that there had been some tentative discussions between council and the drainage company over the last several years but that no developments have occurred in recent months.

C. H. BAKER, 79, SALESMAN, DIES

Charles Henry Baker, 79, who was a former resident of Emmitsburg and resided for the last seven years with his son-in-law and daughter, Mr. and Mrs. Clement Redding, Gettysburg, R. D. died Monday at 3:45 p.m. at the Warner Hospital.

He was a native of Adams County, a son of the late James E. Baker and Elizabeth (Wived) Baker. The deceased was a member of St. Joseph's Catholic Church, Emmitsburg, and had been a shoe salesman in Emmitsburg. His last occupation was that as a salesman for the Raleigh Co. His first wife, the former Kathryn Saffer, died 41 years ago and his second wife, the former Gertrude (Baker) Baker, died eight years ago.

Surviving are three children from his first marriage, Mrs. Redding, Myrl F. Baker, Baltimore, and Guy A. Baker, Emmitsburg; eight grandchildren, and five great-grandchildren.

Funeral services Thursday morning, meeting at the home of Guy Baker in Emmitsburg at 8:30 o'clock with a requiem mass at 9 o'clock in St. Joseph's Church conducted by the Rev. Fr. Michael O'Brien. Interment in the church cemetery. Friends may call at the Baker home Wednesday evening after 7 o'clock. Prayers will be recited at 8:15 p.m. at the Baker home.

Social Security Plan For Borough Studied

Details on a new law which permits borough workers and police to be covered by social security were outlined Monday evening at a meeting of the safety and finance committees of the borough council held in the Fire Engine House on E. Middle St.

Cameron McVey and Harold Teltrick, Harrisburg, pension fund counselors, outlined the new law and how much it would cost and how it would be operated if the borough council adopts a plan of placing the borough workers and police under federal social security. At present the borough police are operating under a pension plan, but there is no such plan in operation for the other borough workers.

The two committees probably will present their findings on the plan for social security at next Monday evening's meeting of borough council. It was stated. Decision on whether the local borough employees should be placed under social security will be made by the entire council, members of the two committees said.

Checking On Corn Borer In County

County Agent M. T. Hartman and J. O. Pepper, State College specialist, today began the annual count of corn borer in Adams County.

They were visiting a number of farms and expected to complete the work today or Wednesday morning. The count, made each year, has shown a decline in the incidence of corn borer in the county during the past several years.

At the same time Dr. Fred Lewis, Arendtsville Laboratory scientist and Dr. R. O. Kirby, State College specialist, are checking the results of sprays in test plots of fruit in the county.

Film Made Here To Be Shown At G. H. S.

The world premiere showing of "The Farmer of Tomorrow," the film that was made here last summer, will take place Wednesday, October 15, in Kansas City at the national convention of the Future Farmers of America.

The film then will be shown to Gettysburg for a public showing at the high school here Friday evening, October 17, at 8 o'clock.

The cast includes a number of local residents and much of the film was shot at the farm of Glenn Sterner, Gettysburg R. 1.

TRAVELOGUE TO BE PRESENTED BY GALILEAN

Stephan A. Haboush, native Galilean, who was born in the hills above the Sea of Galilee and in his youth tended his father's flocks of sheep as other shepherds have done since the time of Christ, will present a travelogue of the Holy Land, "On Sacred Soil," in the auditorium of the East Berlin High School Saturday evening, October 11.

The program will open at 7:30 o'clock, and will be sponsored by the Gleasons Class of Trinity Lutheran Church, East Berlin, and the Lutheran League of St. John's Lutheran Church, Abbotstown, the Rev. L. J. Karschner, pastor. With Mr. Haboush will be his wife and two Mr. Haboush will be his wife and two

Mr. Haboush's father was a "mak-tar," or head of the Haboush tribe in Old Galilee north of the city of Nazareth. When his father died several years ago he became patriarchal head of the tribe, despite the fact that he lived in the United States and had become a citizen. He must return to his native land every four years. Tribal affairs, during his absence, are handled by a council of sheiks.

Mr. Haboush has written for magazines and newspapers. He is the author of "My Shepherd Life in Galilee," and has spoken in many leading universities, colleges, churches and schools in Canada and the United States.

Tickets are being sold for the travelogue by members of the two classes at reduced rates.

George Carey Chosen For FFA Band Post

George Carey, a Gettysburg High School Junior and son of Mr. and Mrs. Carl Carey, Biglerville R. 2, has been selected as a member of the national Future Farmers of America band and will leave October 7 for Kansas City where he will play in the national band during the national convention of the FFA October 13 to 16.

Carey, a trombone player in the Gettysburg High School band, is the only Adams countyman to be honored with a position in the FFA band this year.

MacPhail Admitted To State Court Bar

John MacPhail, 41 Hanover St., was admitted to the bar of the Pennsylvania Supreme Court at Pittsburgh Monday. The admission was made on motion of Attorney Richard A. Brown, of Gettysburg.

The young attorney, who is employed in the trust department of the Gettysburg National Bank, graduated from Gettysburg High School in 1942, from Washington and Jefferson College in 1948, served in World War II and graduated from Dickinson Law School in 1951.

Brakes Fail; Cars Crash; \$650 Damage

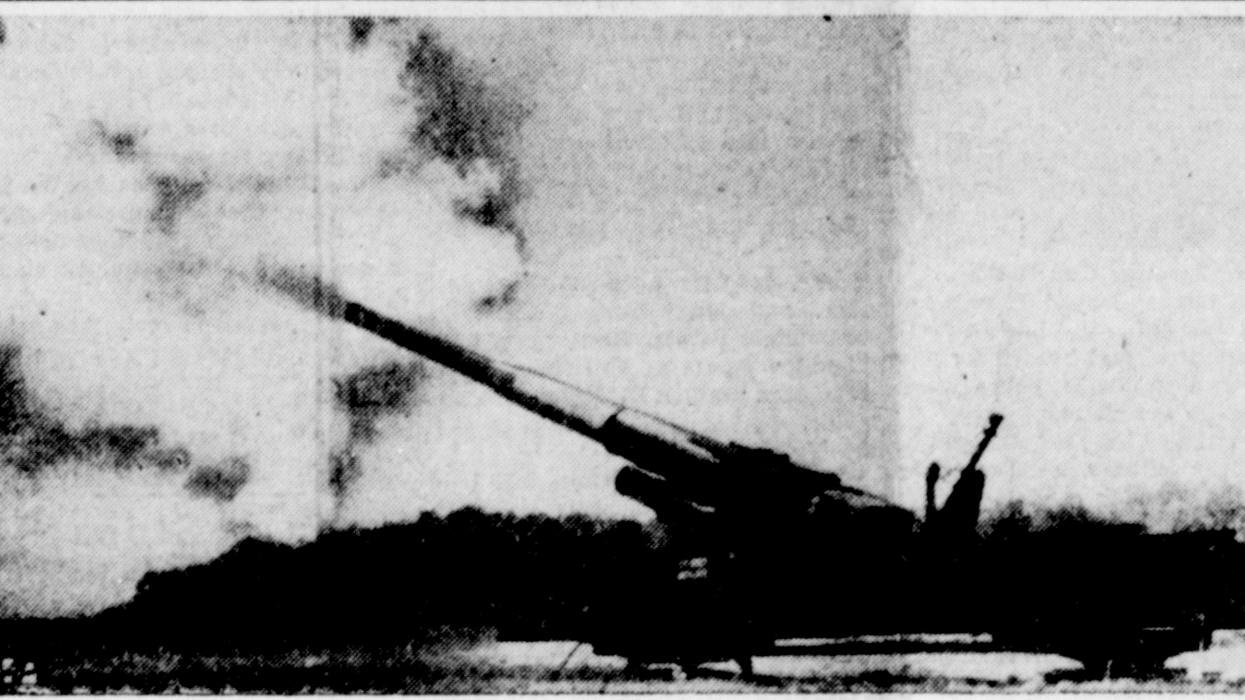

An automobile operated by Paul M. Little Jr., 35, of Fairmont, Md., was overturned on the Littlestown-Taneytown Rd. at 4:10 p.m. Monday when it was struck by a car driven by David William Kump, 17, of Taneytown R. 1, according to state police of the Gettysburg substation. Police said Kump's brakes failed to hold as he emerged from an unimproved side road about a mile south of Littlestown. Little was traveling south toward Taneytown. Both drivers escaped injury. Damage to Kump's car was estimated at \$150 and to the Little car at \$500. Investigation is being continued.

40 HOURS TO CLOSE

Army Demonstrates Atomic Cannon

A giant self-propelled cannon designed to deliver an atomic blast deep into enemy territory is demonstrated at the Aberdeen, Md., Proving Ground. The 85-ton weapon, the U. S. Army's largest completely mobile gun, fires a 12-inch shell 20 miles. The shell can be fitted with either an atomic or a conventional high-explosive warhead. This is the first time the Army has permitted the cannon to be photographed. (AP Wirephoto)

DEMOCRATIC OX ROAST OCT. 25

The annual county-wide ox roast of the Adams County Democratic party will be held Saturday afternoon, October 25, at the Lincoln Logs Hotel, County Chairman Fred G. Klunk announced today.

Decision to hold the event was made by the executive committee of the party at a meeting Saturday night at the Court House. The program will begin at 4 o'clock on the afternoon of October 25 with the speaking portion of the event to begin at about 5 o'clock.

Congressman James F. Lind and Assemblyman candidate John D. Lippy Jr. will be among the speakers who will include several outstanding state leaders of the Democratic party.

Plans were also outlined at Saturday's session for a special "get out the vote" campaign in connection with the election in November.

Ervin J. Baker, East Berlin R. 2, farmer, and secretary for Adams County Township Supervisors, Auditors and Assessors Association, as well as secretary for the Hamilton Twp. board of supervisors, was named as secretary of the Democratic party. He succeeds the late Maurice Miller in the post.

Army Unveils 85-Ton Gun, 1st Atomic Artillery Piece

By ELTON C. FAY

WASHINGTON (AP)—The Army has unveiled a new 85-ton atomic gun and shown that it can roll nimbly across fields into position to fire superexplosive barrages within 20 minutes.

It is the world's first atomic artillery piece. The gun, which the Army calls an "all-purpose weapon," was put through its paces at a special preview for photographers at the Aberdeen (Md.) Proving Grounds recently.

Ordnance experts have been trying out its mobility and firing capacity for months at the giant testing grounds, but standard ammunition was used rather than atomic rounds.

The Army indicated that the weapon can use either atomic or standard rounds merely by changing the type of missile.

The gun has a caliber of 280 millimeters—approximately 12 inches. This, in itself, discloses how compactly the Atomic Energy Commission scientists now are able to build atomic missiles which at one time could barely be crowded into the bomb bay of a B29.

Talk of \$20 Mile Range There was talk at the demonstration of a 20-mile range for the gun.

This approximates the range for coastal defense and naval guns of somewhat similar caliber.

Twenty miles would be a practical distance for placing the gun safely behind friendly lines, firing over those lines and laying down an atomic barrage on enemy infantry and armor without endangering friendly troops from the blasts, heat or radiation.

In the non-atomic demonstration at Aberdeen, conventional propellant charges of standard powder, in bags, were loaded behind an ordinary test projectile.

How It Looks The rate of fire seemed to be approximately that of any of the large caliber, non-atomic guns used by the Army and Navy.

This is how the "all-purpose weapon" looks to visitors: Its tube is almost 40 feet long, designed to stabilize the missile by a spinning motion, just like a standard gun.

The elevation of its muzzle, or maximum range, appears also to be like that used in a standard gun.

A two-ton battery is used in the Aberdeen tests. Nine other vehicles are used in support, including two power-generating trucks. The power unit is

hooked to the gun by electrical cable, thus supplying electrical power for traversing and raising the elevation of the rifle.

Two engine cabs, looking much like the hauling end of the tractor trailer rigs you see on the highways, but with heavier construction, supply the power for moving the chassis through 500-horsepower engines.

The gun and its mount are suspended between the two cabs.

Like Railroad Gun In its movements, the gun handles almost exactly like a fire department's aerial ladder truck. The driver in the rear cab has a telephone headset connecting him with the forward cab driver who keeps the "tiller man" informed of his steering moves.

Essentially, the atomic gun is a vastly improved version of the familiar railway gun—but with the major advantage of not being pinned down to railroad lines.

The gun, wheeling off a highway over which it can move at the speed of most heavy-laden trucks, trundles out onto a field, climbing over humps and rough ground on the many wheels of its two tractors and followed by the supporting units of trucks.

Crews swarm out of the trucks. Hydraulic hoists lower the gun and its mount from the tractors, which pull away.

Little Recoil There is no "trial" or "spade" like ordinary artillery pieces use to hold the gun in position against the action of recoil. The tube is so precisely balanced on the mount that the recoil has little effect.

A small crane, which is part of the mount assembly, picks up the charge from a dolly or truck. It swings it over a steel slide and the charge slips into the breech. Firing, at least in the Aberdeen tests, is by a standard lanyard, a length of rope extending back about 30 feet. It is possible that when atomic war heads are used as projectiles, firing will be by remote control from the safe position of a fox hole or slit trench.

CHARGE DROPPED A surety of the peace charge filed against Paul Hoffman, Breckenridge St., early last Saturday morning by his wife was withdrawn later before Justice of the Peace John H. Bashore, with the costs placed on the defendant.

NO CHOIR PRACTICE Announcement has been made there will be no practice of the choir of the Prince of Peace Episcopal Church on Wednesday evening.

SAYS GERMANY'S PROBLEMS WON'T BE SOLVED SOON

"The problems of Germany are ones that cannot be solved within a few years," Rev. Wallace E. Fisher told the local Rotary Club at its meeting in the YWCA Monday evening.

"They are problems that will be with us for at least two and possibly more generations, before Germany can establish a stable democracy," he said.

"Great as has been the improvement in western Germany within the last few years, the task that is still ahead is far greater. One item alone, the problem of homes for the people, will take decades to solve. The U. S. High Commissioner's office estimates it will take 20 years to replace the 6,000,000 dwellings that are needed to house the present population. That does not include the need to house refugees from Eastern Germany who are coming into the Western Zone at a rate of 1,500 per day.

Refugees Pose Problem

"The refugees pose another problem as well—the problem of employment, for they flee from the Eastern Zone with nothing but what they have on their backs. Yet they tell me that had as might be the conditions of living in bunkers in Western Germany they would rather die than go back. These people must be employed, and must be taken into the economy of Western Germany which is no more than superficially sound at the present time.

"There is also another problem of democracy, aggravated to a certain extent by the problem of women. Western Germany is striving towards democracy, yet at least 64 per cent of the people, the women, have never had any knowledge of politics. During the Hitler period they were considered mere chattels. We know our own difficulties in making democracy work. After 176 years of democracy we still find only 51 per cent of the people voting. How can we expect the Germans to know immediately how to make a democracy operate?

The Problem of Youth

"Another problem is that of youth—the former Nazi youth, now coming into maturity. German ministers estimate that the church reaches 25 per cent of youth; that 75 per cent has no religious connection. We know from examination of our college youth here in the United States that large numbers are religious illiterates. But they come from Christian homes, they live in a Christian atmosphere and are contained within a Christian framework. What of the 75 per cent of the German young people (Please Turn to Page 3)

200 TO ATTEND WORKSHOP HERE

More than 200 countyans are scheduled to attend the Adams District Lutheran Laymen's Workshop to be held Thursday evening at St. James Lutheran Church here.

Rev. Samuel Clark, New Chester, in charge of the conference, said the program will begin at 6:30 o'clock with a dinner served by the Maude Miller class of St. James Lutheran Church.

Dean W. E. Tilberg will speak on "Opportunities Within the Congregation" at 7:45 o'clock. Rev. Dr. George H. Breckelmeier will speak on "Opportunities Within the Synod" at 8:20 o'clock. At 8:55 o'clock Chester Myron, New York City, executive secretary of the United Stewardship Office of the United Lutheran Church in America will address the group on "Our Opportunities Within the ULCA." The final talk will be given by a representative of the National Lutheran Council at 9:30 o'clock on "Our Opportunity Within the World." All of the talks will be followed by a question period and a song service.

The Rev. Snyder Alleman is in general charge of the Laymen's Workshops being held throughout the synod. Similar workshops are scheduled for all synods of the Lutheran Church.

Will Serve Turkey At Country Club Tonight

A smoked turkey buffet will be served at tonight's weekly stag party at the Gettysburg Country Club locker room, Glenn L. Bream, president, presided, announced. The affair will begin at 8 o'clock.

A meeting of all lot owners of the club will be held at 9 o'clock at which time a tree surgeon will discuss landscaping and other plans to improve the lot owners' property.

TO SPEAK IN CARLISLE

The Protestant churches of Carlisle will join in the community service of thanksgiving and dedication upon the completion of the Revised Standard Version of the Holy Bible in a service this evening at 7:45 in the Grace Evangelical United Brethren Church, Rev. Francis Reinberger, professor at the Lutheran Theological Seminary, Gettysburg, will be the speaker.

Gettysburg Is Called Typical Legion Town

Gettysburg has been selected as a "typical and outstanding Legion community" by The American Legion magazine and will be featured in a special brochure now being prepared by Walt Robson, promotion manager of the magazine.

Mr. Robson arrived in Gettysburg Monday and conferred with Harold W. Wenx, commander of the Albert J. Lentz Post; Walter B. Lane, photographer, and Paul L. Roy in connection with the project.

Mr. Robson will make a comprehensive survey of local Legionnaires relative to their activity in the community, their participation in borough affairs, education, public service, retailing and kindred affairs.

Mr. Lane will do the photographic work for Mr. Robson.

FAIR PLAQUE IS AWARDED TO FFA AT BIGLERVILLE

Biglerville High School will receive the plaque presented by the South Mountain Fair Association to the Future Farmers of America Chapter scoring the highest number of points in the various FFA contests held as part of the fair.

Richard C. Lighter, county supervisor of agricultural education, said that final compilation of the point scores made by the various schools was completed Monday. Because each school entered a large number of boys, but only the scores made by ten students selected by each school prior to the event were to be counted in the final standing, the tabulation took some length of time, Lighter said.

The plaque for Biglerville High School and other prizes won by the students in the contests will be distributed to the vocational agriculture teachers of Adams and Franklin counties at a meeting Wednesday evening at 7:30 o'clock at New Oxford High School.

G.H.S. Boy Highest

The ten selected Biglerville students, Paul Harmon, Robert Mauss, John Gantz, Robert Stoner, Carr Marks, Kenneth Mickle, Vaughn Dunlop, Robert Hellbride, Earl Hostetter and Harry Hartman, scored 1,361.4 points, of whom Mickle, with 190.9 points, was top man. Mickle, however, was third from the top in total point score among all the students entered in the contests. Ray Kauffman, Chambersburg, scored 192 points, and Richard Flickinger, Gettysburg, was high man with 198.7 points.

New Oxford High School was second in school scores, with 1,347.7 points; Gettysburg, third with 1,296 points; Fairfield, fourth with 1,257.4; Chambersburg, fifth with 1,253; Pannett-Metal, sixth with 1,145; York Springs, seventh with 1,139.2; James Buchanan School, eighth with 1,045.7; St. Thomas, ninth with 1,011.3; East Berlin, tenth with 951.1 and Washington Twp., eleventh with 650.4.

On Top Teams

The students comprising the second place New Oxford team included Ernest Walker, Glenn Benz, Roy Fuss, E. Kuykendall, G. L. Dutera, Richard Herr, William Korver, Andy Lohman, Gary Duncan and Harlan Reynolds. Benz was the high individual scorer for the school with 171.1 points.

Members of the third place Gettysburg group were Paul Clapsadd, Dale Dolly, Richard Flickinger, Ed (Please Turn to Page 2)

Full Recovery Seen For Victim Of Polio

Sandra Laughman, 3½-year-old daughter of Mr. and Mrs. Wilbur Laughman, 450 S. Washington St., was discharged Saturday from the Harrisburg Hospital where she had been a patient since September 11 due to an attack of polio.

Physical therapy treatments for weakened muscles in both legs will be required for some time but the youngster is expected to make a complete recovery.

GETS 15 DAYS

George Erickson, no address, arrested at 2 o'clock this morning at the Warner Hospital on a disorderly conduct charge, was sentenced to 15 days in the Adams County Jail by Justice of the Peace John H. Bashore in default of a fine of \$10 and costs. Bashore said that borough police, who made the arrest, had ordered Erickson out of town Monday evening.

BURY ACCIDENT VICTIM

The funeral of Roy Joseph Lay, who was fatally injured in an auto crash September 21 at Pullerton, Calif., was held Monday afternoon at 2 o'clock at the Bender Funeral Home with the Rev. Robert Schiebel, Arendtsville Lutheran pastor, officiating. Interment was made in the Flohr's Church Cemetery. The pallbearers were Frank and Edward Harp, Harry Heider and William Wetherel. Lay was a son of Mrs. Stella Engle Lay, Biglerville R. 1.

Chinese Reds Take Another Hill In Korea

SEOUL, Korea (AP)—Chinese Reds seized another hill on Korea's Central Front today as the Communists maintained heavy pressure on the sector for the third straight day.

The hill, due east of Kumsong, was the third captured by the Reds since they launched a series of heavy attacks on the East-Central Front Sunday.

F86 Sabre jets swept into North Korea today and the U. S. Fifth Air Force reported they closed out a record-shattering month by damaging one Russian-made MIG15.

61 Downed In Month

The Air Force, after a study of gun camera film, also added three damage claims for Sunday. That raised the September totals to 61 MIGs destroyed, seven probably destroyed and 59 damaged. The previous one month record of 44 destroyed was set in April.

Savage fighting also flared on the Western Front. U. N. infantrymen slugged their way to the top of Big Nori but lost the high ground to counter-attacking Chinese in pre-dawn darkness. Greek troops were driven from the peak Sunday when U. N. planes accidentally bombed them during a Chinese attack.

Eight Red tanks lumbered into action in the fighting east of Kumsong. The Communists used about 200 men for the attack; then rushed in 200 reserves.

The rest of the Front was relatively quiet.

In Tokyo the Navy announced eight men were injured when Communist shore guns hit the American destroyer Cunningham off Korea's Northeast Coast Sept. 19. The Navy said three men were hospitalized.

ENTERS PLEAS IN AUTO DEATH

Pleas were entered by Robert A. Verdier Jr., 21, of Waynesboro, Monday afternoon in Franklin County Court, Chambersburg, to two charges filed against him by state police in June after his car crashed into a tree, killing a passenger.

Following a sidebar conference with Judge Edmund C. Winger at the opening of Monday morning's session of court, District Attorney Rudolf M. Wertine said the Commonwealth would accept Verdier's offer to enter a plea of involuntary manslaughter. He was scheduled to enter a plea of guilty to a second charge of operating a motor vehicle while his license was suspended, the district attorney said.

The pleas were accepted and evidence in both cases heard late Monday afternoon at the conclusion of a trial which opened in the morning. Both charges against Verdier were filed by police after Miss Esther Irene Masser, 18, of Fairfield R. 1, a graduate of Washington Township High School, died at Waynesboro Hospital on June 21 when the Verdier car in which she was a passenger left the Old Forge Road and collided with a tree, the Commonwealth alleged in its manslaughter charge.

EARL BROWDER, WIFE ARRESTED BY JUSTICE DEPT.

WASHINGTON (AP)—Earl Browder, former top man in the American Communist party, and his wife, were arrested today on charges of making false statements in a naturalization proceeding.

The Justice Department announced the arrests, made in the New York City area. It said the two were taken into custody after a federal grand jury in New York returned an indictment charging they lied by stating, when Mrs. Browder sought naturalization papers, that he had never been a member of the Communist party.

Browder, 61, one-time Communist candidate for president, was picked up by FBI agents on the street in the vicinity of 20 Cornhill St., in Manhattan.

Mrs. Browder, 55, was arrested at the Browder apartment at 7 Highland Pl., in Yonkers.

The indictment said the grand jury indictment contained four counts accusing Mrs. Browder of false statements and one similar count against her husband.

The maximum penalties, in the event of convictions, would involve 20 years imprisonment and \$20,000 in fines for Mrs. Browder, and five years imprisonment and a \$5,000 fine for the former secretary general of the Communist party in the United States. Maximum penalties, however, are seldom imposed.

ABDUCTOR IS NABBED BY COPS

CHESTER, Pa. (AP)—A Newport, Del. man was charged with kidnapping and armed robbery today after Pennsylvania state police said he abducted a 19-year-old girl and a boy friend and forced them to drive their car to nearby Glen Mills.

Pvt. James Ziegler charged Joseph E. Jones with tying up Leonard Brown and driving to Glen Mills with Miss Harriet Schwartz, 19, of Chester. Ziegler said the girl was unharmed except for a cut on her right leg.

Ziegler said Miss Schwartz and Brown left her home in Chester last night and stopped at the Chester Post Office to mail some letters.

As they were re-entering the car, Ziegler said, Jones stuck a pistol in Miss Schwartz's ribs and forced them to start toward Glen Mills.

Miss Schwartz was quoted by Ziegler as saying Jones took \$4 from Brown. Then he tied Brown with Miss Schwartz's stockings and the boy's belt, and forced him to lie face down in a field, Ziegler continued.

Brown subsequently freed himself and notified state police who set up roadblocks. Jones was taken at the Glen Mills roadblock after Miss Schwartz said he told her he wanted to get to Wilmington.

Says Truman Brings U. S. Near Disaster

EASTON, Pa. (AP)—Sen. Edward Martin (R-Pa.) has called for a "complete change in the administration at Washington which has resulted in the heaviest burden of taxation ever imposed upon the American people."

In a statewide radio talk yesterday, he said Democrats "have given us years of the most irresponsible spending of the taxpayers' money and have brought us to the brink of national bankruptcy through reckless waste and extravagance."

"Only by a complete change in the administration at Washington can we hope to replace confusion with competence," he said.

At Honesdale, Martin said if a government grows too big it "ceases to be a servant of the people and becomes their master. Then it becomes a dictatorship. Under five successive New Deal and Fair Deal administrations the federal government has moved steadily in that direction."

74 Seaman Saved Off Fishing Vessel

SANTA MARIA, Azores (AP)—All 74 men aboard the Portuguese fishing vessel Joao Costa which sank in the stormy Atlantic a week ago have been picked up by freighters, it was reported here today.

Tears turned into cheers of rejoicing in the Portuguese port of Figueira da Foz, where most of the men made this home. Church bells rang and bands played when the news was flashed.

The 773-ton cod fisher was en route home from the Newfoundland Grand Banks when she foundered. The American freighter Compass, out of New York, picked up 12 survivors yesterday. It was reported today that a British freighter picked up 33 crewmen and the French freighter Henriette Schutt, 27.

ADMITTS MURDER

A "surprise program" will be presented by the Mother's Club of St. Francis Xavier's School at a reception in honor of the new members to be held Thursday evening at 8 o'clock in the cafeteria of the school. The affair will include entertainment, prizes and refreshments. Mrs. Robert Kenworthy is the committee

CAPTURE BANK ROBBER AFTER COP IS SLAIN

EAST PROVIDENCE, R. I. (AP)—A squat bank robber today killed one policeman, shot two others and temporarily held two women as hostages in a commandeered home before surrendering to beseiging police.

The gunman, described as not more than five feet tall, invaded the offices of the Industrial Trust Co. branch bank and screamed shrilly to a woman teller to put money into a paper bag.

She thrust loose bills into the bag and the man seized it and fled, emerging to run face to face into a bank guard summoned by an alarm.

Running Gun Battle

The gunman leaped into his carelessly parked car, had difficulty getting away, and headed for nearby Pawtucket with police quickly taking up the chase.

He engaged in a running gunfight with the officers, sending bullets into the pursuing cars.

John Patineau of the Pawtucket police force was killed. Two providence policemen were wounded.

Tear Gas Wins

Abandoning his car, the robber fled into the home of Mrs. Robert Laprade and forced her to walk out with him. But when police opened fire, he fled back into the house.

Another woman, Mrs. Mary Sandring, was forced by the gunman to attempt negotiations with the police from a window.

Police began a tear gas bombardment of the house and the gunman came out with his hands up and surrendered.

Bank officials, making a hasty check of the funds taken, said they constituted "a substantial sum."

Things Of The Soil

Wood Chips To Improve Soil

Finely cut wood chips are now used successfully and quite profitably for mulching fruit trees, bramble fruits, blueberries, strawberries, peas, and several ornamental plants. Many livestock farmers are using chipped wood to keep feedlots dry in winter. And what is perhaps the most important phase of this new idea, many tests prove that wood chips are beneficial to plow under for soil improvement.

Among specific cases of benefits already reported by farmers, orchardists, vegetable gardeners, and flower growers from using chipped wood are:

More first-grade apples are produced on chip-mulched trees.

Apple yields are considerably higher per tree where chip mulches are used in drought seasons.

One New England orchardist says he saved \$180 per acre in five years by using chips instead of straw for mulching apple trees.

Chip mulches frequently double and sometimes treble yields of blueberries over straw-mulched or unmulched plants.

Only half as much nitrogen fertilizer is needed to offset the effects of wood chips in soil improvement or mulching roles as is required where sawdust is similarly employed.

Chip mulching vastly increases blackberry, raspberry, and dewberry yields and improves berry quality at the same time.

Strawberry plants respond likewise to chip mulching and their runners root normally through the mulch.

Commercial pea growers report greatly lowered production costs and increased yields where wood chips were used as mulches.

Chips make the cheapest and best round-the-year farm lane coating available.

Of course, readers who have followed this recital thus far want to know — How are chips made?

Several manufacturers have placed wood-chipping machines on the market. These may be mounted on trucks and moved wherever the mulch is to be applied or they may be operated stationary. They handle green or seasoned wood, including sawmill refuse, brush, orchard prunings, and poles up to six inches of butt diameter. Most of these machines can chip the equipment of two cords of wood per hour.

Machines range in price from \$700 to \$4,000 a unit. Experience to date indicates that farmer groups should buy and use these machines cooperatively to hold purchase and operation costs down. Or an individual may buy and operate his machine on a custom basis for a community.

Sawdust or wood chips do not make soils "sour" as the old saying has so long intimated. The end-product is more organic matter to deepen shallow soils and lighten hard soils, which in turn means better mellow loams, more rain-absorbing capacity, less damage from drought, and easier tillage. Of course, the finer the chips are cut the quicker they decompose.

And during their decomposition the organisms of decay take nitrogen from the soil, thereby requiring an occasional application of ammonium sulfate or ammonium nitrate to prevent nitrogen deficiency of plants.

The editor invites all questions readers may wish to ask on this extremely interesting and potentially profitable subject.

Animals consume other animals or plants while true plants derive their nourishment from chemical materials in soil and water.

Tip To Editor

Traps Bank Robber

WORCESTER, Mass. (AP)—An unidentified tipster and an alert newspaper city editor led police last night to a 35-year-old man who confessed a \$31,432 daylight bank robbery staged with a cap pistol.

Edward S. Myler of Sterling Junction was charged with the hold up after police Capt. Andrew F. O'Brien said he confessed to taking the money at gunpoint from a woman teller in a branch office of the Worcester County Trust Co., yesterday morning.

Most of the money was found in a car rented by Myler, O'Brien said.

O'Brien said Myler's arrest followed a tip to Day City Editor A. Alfred Marcello of the Worcester Telegram by a man who said he'd seen a man change clothing in a parking lot near the bank about the time of the robbery. The tipster gave Marcello the car registration which the editor immediately relayed to police.

Leo R. (Dutch) Meyer, head coach and athletic director of TCU, was once a mascot and water boy for the Horned Frogs before he entered high school.

JOE BLACK AND REYNOLDS WILL MEET IN OPENER

By GAYLE TALBOT
NEW YORK (AP)—The piteous wailers of Brooklyn have put it squarely up to their wonderful rookie reliever, Joe Black, to get them off on the right foot against the favored Yankees in the World Series opener tomorrow at Ebbets Field.

Never before in big league history has a champion of either circuit been forced to undertake such a desperate gamble. Other rookies have been called upon in the important first game, and there have been bullpen specialists before. But the combination of the two, and there trying to turn back the Bombers before the eyes of the nation, will be unprecedented.

Manager Chuck Dressen took a calculated risk when he nominated the 28-year-old Negro freshman to duel with the Yankees' mighty Allie Reynolds, as great a money pitcher as there is in the game today.

May Give Yanks Trouble
He could have held his relief ace back and been assured of late-inning insurance as long as the big payoff lasts. He chose to play it bold, to stake his hopes of a world championship on one throw of the cubes.

If Black, an unperturbable control specialist, pitches up to his brilliant form of the regular campaign, he will give Reynolds a mighty battle tomorrow. If he turns back the Yankees, the 8-to-5 odds in favor of the American Leaguers will take an abrupt dip and it could turn out to be a rip-roaring World Series.

Should the gamble fail and Black take a shelling, the National Leaguers are in bad trouble, stripped temporarily of the relief pitching which held their shaky mound staff together all season. The rookie phenom appeared in 56 games, and though he was credited with only 15 victories, his contributions easily equaled those of a 25-game winner. His earned-run average was the best in the league.

Question About Woodling
An angle which Dressen undoubtedly took into serious consideration in handing Black the blazing torch was the mental lift to be derived from winning the opener. Should the rookie win over Reynolds, the Yankees' best, other less endowed members of the Dodgers staff might easily be inspired to pitch slightly above their usual weight in the ensuing games.

It was no surprise that Dressen named Carl Erskine, a 14-6 performer over the year, to face big Vic Raschi, 16-6, in Thursday's second game at Ebbets Field, nor that he nominated Preacher Roe, his veteran southpaw, to match portside shots with Ed Lopat in the third contest at Yankee Stadium.

Both teams were rested and in robust health. The only question was whether Gene Woodling, the Yankees' leading clubber, would be ready to start the opener and hit in the cleanup spot. He has had a pain in his groin lately, but said it felt much improved. If Gene decides to sit it out, Stengel will have to move catcher Yogi Berra up from fifth to fourth in his batting order.

Interstate

LANCASTER, Pa. (AP)—The president of the Interstate League says the Class B baseball loop will operate next season, despite a drop of about 10 per cent in attendance this year.

President Gerald F. Nugent told a league meeting here yesterday that he was "confident the league will operate next year."

Nugent said Interstate League attendance dropped this season to about 360,000, compared with 380,000 in 1951.

Many Shift Franchises
Some of the present franchises may be shifted before the cry of "play ball" next spring, Nugent said, pointing to Harrisburg and Wilmington as the biggest question marks at the present time.

The Harrisburg club reportedly has declared to other owners it is prepared to remain active in the loop provided it can make some sort of working agreement with a major league club before the start of the 1953 campaign.

General Manager James Ward of the Wilmington club said that President Robert M. Carpenter of the Philadelphia Phillies wants to continue its sponsorship of the Interstate team but may have to move to a city where attendance is better.

REDSKINS BEAT CARDINALS 23-7

CHICAGO (AP)—The Washington Redskins' 38-year-old player-coach, Sammy Baugh, was tossed out of the game last night but not before he had completed 11 consecutive passes to inspire his team to a 23-7 National Football League victory over the Chicago Cardinals.

The upset win, before 17,800 fans in Comiskey Park, opened league play for both teams and marked Washington's first triumph after five exhibition defeats.

Baugh and Don Joyce, a 250-pound second-year tackle from Tulane, exchanged blows after a pile up in the fourth period. Both were ejected by Referee Bill Downes.

It was the first time in the career of the usually calm Baugh—starting his 16th season with the Redskins—that he had been banished from a game.

Baugh tried 11 passes and completed all of them in the first half. Two of them went for touchdowns—two yards to Harry Dowda and 10 to Hugh Taylor.

Emil Sitko scored the lone touchdown for the Cardinals and Joe Geri converted.

Four Players Are Signed By Athletics

PHILADELPHIA (AP)—Less than 24 hours after the 1952 major league season ended, three pitchers and a second baseman signed 1953 contracts with the Philadelphia Athletics, who finished fourth in the American loop this year.

The pitchers who signed yesterday were Walt Kellner, Bobo Newson and Harry Byrd. Cass Michaels is the second baseman.

General Manager Arthur Ehlert, who made the announcement, did not disclose the terms of the new contracts.

MICHIGAN STATE SOLID CHOICE AS TOP GRID TEAM

By WILL GRIMSLEY
NEW YORK (AP)—Resourceful Michigan State was a solid choice as the No. 1 college football team in the country today in The Associated Press' first weekly poll.

Sports writers and broadcasters, who in a pre-season sampling of opinion named the Spartans as the best bet to win the national championship, apparently were further convinced by State's 27-13 comeback victory over Michigan last Saturday.

They gave the Spartans 52 of the 63 first place votes cast and an impressive total of 752 points, nearly twice that of the No. 2 team, Illinois.

Rate Maryland Third
Point totals are arrived at by awarding 10 for a first place vote, nine for second, etc.

No other team got more than seven No. 1 votes, this number going to Maryland's Sugar Bowl champions, who gained third place on close-squeak triumphs over Missouri and Auburn.

California was named fourth, without a single first-place vote but with strong runner-up support, and Texas, winner over Louisiana State and North Carolina, was fifth with only five votes for top.

Other Top Teams
Completing the top 10, in order, were Georgia Tech, Southern California, Wisconsin, Kansas and Duke.

The second ten in point order were Tennessee, Villanova, Princeton, UCLA, Ohio State, Virginia, Rice, Mississippi, Notre Dame and Oklahoma.

BUBBLERS HOST TO BIGLERVILLE THURSDAY NIGHT

The old feud between "the Hatfields and the McCays" will be renewed Thursday evening when the Bubblers of Bolling Springs High School meet the Biglerville Cannons in a night game at Bolling Springs at 8 o'clock.

Past games between these two schools have been exciting. In 1946, the Bubblers won 14 to 13 by pushing across a touchdown in the last minute of play. In 1947, the Cannons triumphed 7 to 0. The Bubblers won the next two games, 27 to 21 in 1948 and 13 to 0 in 1949. In 1950, the Cannons won 19 to 7. In this game, the Bubblers were leading at half-time by a 7 to 0 score, but the Cannons came out in the second half and scored two quick touchdowns to win. Last year, when the Bubblers were going through undefeated, the Cannons gave them a very tough battle before going down to defeat.

This year's game will be no exception. With Gene Haas back at the helm of the Cannons, the Adams Countians are very hopeful of stopping the Bubblers' long winning streak. Biglerville, after winning their first game, lost to powerful Carlisle 25 to 0 and last week bowed to a strong Columbia High team 20 to 6. These close games against two strong opponents have made many give the edge to the Cannons.

GROAT CREDITS BUC PILOT FOR HIS SUCCESS

PITTSBURGH (AP)—Dick Groat, sparkling Pittsburgh Pirate shortstop who jumped from college to major league baseball in one season, gives former Buc manager Billy Meyer credit for much of his success.

The 22-year-old former Duke University All-America basketball star said the going was rough at first but "Meyer never lost confidence in me." He added: "Finally I got confidence and that's when I started picking up."

Was Bonus Player
A native of nearby Swissvale, Groat made his major league debut with the Bucs June 18 after pocketing a reported \$75,000 bonus. General manager Branch Rickey outbid several clubs for the talented rookie.

The investment proved sound as the lanky six-footer led the last-place Pirates in batting with a season average of .286 and wound up with a .955 fielding mark. He also figured in one of two National League triple plays this year.

There's a chance that Groat, labeled one of the best college prospects ever to break into bigtime baseball, won't be with the Pirates next season. After his graduation in January from Duke, where he enrolled yesterday, Groat is slated for a call from his draft board.

Both teams worked out at the Stadium in preparation for the opening game in Ebbets Field on Wednesday, Oct. 1.

TICKETS GOING FAST FOR GHS, HANOVER GAME

A block of 576 choice reserved seats have been received here for the Gettysburg-Hanover High School football game to be played in Hanover Friday night and are rapidly being purchased, according to George Forney, local athletic director. The seats are mostly close to the 50-yard line.

Fans desiring the ducats, which sell at \$1 each, should secure them through the high school office or at the Britcher and Bender Drug Store as soon as possible.

The Warriors started workouts in preparation for the important game Monday night minus Richie Carter, husky tackle, and Ronnie Williams, fullback, both of whom sustained injuries in the Carlisle tilt. Whether they will be ready to oppose the Nighthawks is problematical.

Several other local players received minor injuries in Friday's bruising contest but should be ready for full time duty. The loss of Williams would mean the Warriors would be without their second fullback, Billy DeHaas being shelved prior to the opening of the season due to an injury.

Nighthawks Dangerous
Hanover, always a tough opponent for Gettysburg, cannot be taken lightly. The Hawks have a good supply of veterans remaining from last year and have been impressive thus far, losing only to unbeaten York. Last week they drubbed Shipensburg in a conference game.

Biglerville takes on a rugged opponent in meeting unbeaten Bolling Springs on the Bubblers' field Thursday night.

Washington Township, leaders in the Laurel Conference, invades Littlestown to meet Clayton Evans' Thunderbolts Friday night.

Delone, still seeking its initial triumph of the campaign, tangles with Lancaster Catholic Friday evening at Lancaster.

who have no Christian framework in which their ideas are formed. They were brought up under paganism, under Nazism. They are a target for Communism, or any other ism. And they will be a continuing problem, as will the others, for years.

"On top of everything else the Germans were defeated in the war, and know they were defeated. There is a tremendous fatalism present, all of which has its effect on the current situation, and will have an effect for years to come.

Our Desperate Need
"As far as the French are concerned I think we should be patient with the French. They have lost four wars within the past 30-odd years. They lost World War I, World War II, in 1949 they lost a war psychologically because the American and English troops had to liberate them and since 1945 they lost a war economically. France was technically a victor in World War I, but most of the damage of that war was done to the French, and they had not fully recovered when they went down to defeat in World War II."

The Christ Lutheran Church pastor concluded by noting: "There is one great continuing problem of our own—the fact that so few people in our western civilization today grasp what is happening; so few realize that the painful bitter things that are happening to others can also happen to us. We need desperately a disciplined imagination to understand what is happening in the world and how it is going to affect us."

Invited Back In '53
Rev. Mr. Fisher spoke of his experiences in Germany during last summer when at the U. S. Army's request he was the principal speaker at a two-week religious program held by the chaplains of the European command in Germany.

He told the Rotary Club he has been invited back to deliver the summing-up sermons at a similar conference to be held in Germany under sponsorship of the armed force chaplains next year, if suitable dates can be arranged.

President Richard E. Drees presided at the meeting with 59 present. David Blocher was appointed to represent Rotary at a meeting of the Exchange Club to be held tonight.

Canner Reserves Lose To Squires

The Biglerville High School junior varsity football team lost its opening game of the season 12-0 to the Delone reserves at Biglerville Monday evening.

After a scoreless first half, Delone pushed over touchdowns in each of the final two periods.

Biglerville will next meet the Paradise Protectorate team at Biglerville on Tuesday, October 7.

SAY RUSSIAN TROOPS BACK NORTH KOREANS AND MAN GUNS

SEOUL, Korea (AP)—A highly placed U. S. Eighth Army officer said today there are several thousand Russian troops in rear areas of North Korea serving in a "support capacity."

This officer said in an interview that the Russians were technicians and advisors and probably manned modern radar-controlled anti-aircraft guns manufactured in the Soviet Union.

The officer cannot be identified but he holds a responsible post that qualified him to speak authoritatively.

Russians At Guns
He conceded that some of those reported to be Russians could be East Europeans from Soviet satellite countries.

The officer described the anti-aircraft batteries at Red airfields south of the big Antung bases in Manchuria as modern stuff. He added that because available evidence has shown them to be named by Caucasians it was assumed Russians were at the guns.

His statements went much farther than those of a North Korean officer who surrendered through the Panmunjom neutral zone early this month. The Communist lieutenant, who was security officer at the armistice site, said last Saturday that he had seen about 20 Russians at the Sinuiju Airfield in June, 1951. The airfield is in North Korea at the Manchuria border.

Russ Advisors
The North Korean also said he had heard that Russian advisors were attached to the North Korean Army Officers Staff School and that he had heard of Russian pilots flying Communist jets.

High ranking American officers have stated that Russian speaking pilots in Communist jets have been heard by Allied airmen who overheard intercom messages.

The Eighth Army officer said "there is no question that there are Russians up there in North Korea."

He declined to say precisely how many beyond placing the figure at "several thousand."

1st Authoritative Statement
His statements concerning Red anti-aircraft batteries were perhaps the first authoritative statement that Russians probably were directing and firing guns against United Nations fighters.

Reports have cropped up intermittently of Caucasian forces fighting in the Communist armies in North Korea but these have not been substantiated officially.

The Communists have consistently maintained that only the Chinese peoples "volunteers" and North Korean troops were fighting in Korea except for a small Hungarian medical unit.

INCODEL PLAN AWAITS REPORT

MT. POCONO, Pa. (AP)—The fate of a proposal to construct four reservoirs along the Delaware River hinged today on the outcome of a special survey of the situation by the state of Pennsylvania.

Findings of the investigation ordered by Gov. John S. Fine were expected to reach the hands of the Interstate Commission of the Delaware River Basin by the end of 1952.

Thus stymied in its promotion of the four-state project, the commission meanwhile wound up a two-day annual conference today in the wake of a warning that success of the project depends upon the willingness of the voters to extend concrete financial support of the program.

Thorndyke Saville, dean of the School of Engineering at New York University, and a representative of the joint engineers' council, expressed that view in commenting on a river basin survey instituted by Incode.

Saville said the report could have been "more adequately" prepared if the four states involved—New York, Pennsylvania, New Jersey and Delaware—had appropriated more money for the engineering survey.

All but Pennsylvania have approved the report and given a legislative green light to the project. Support of the city of Philadelphia also is being withheld pending the outcome of Pennsylvania's additional survey. Mayor Joseph S. Clark made that clear last night in an address to the conference.

NATO NEWSMEN VISIT
PHILADELPHIA (AP)—Thirteen newsmen from North Atlantic Treaty Organization countries arrived here today to visit the Philadelphia Naval Base. The newsmen are in this country under the auspices of the State Department to collect first-hand information on U. S. efforts for collective defense.

Rear Adm. John H. Brown Jr., commandant, Fourth Naval District, announced.

44 CARS DERAILED
SALAMANCA, N. Y. (AP)—Traffic on the main Pittsburgh-Buffalo line of the Baltimore and Ohio Railroad rolled today after an 18-hour delay caused yesterday by derailment of 44 freight cars and a diesel engine. There were no injuries in the early morning accident.

NEW POLIO CASES
POTTSVILLE, Pa. (AP)—Two new polio patients are under treatment in Pottsville Hospital today, bringing to 15 the number of cases reported in Schuylkill County this year.

Stricken yesterday were five-year-old Thomas Willier Jr., son of Mr. and Mrs. Thomas Willier of Valley View and three-year-old Theodore J. Kemble, son of Mr. and Mrs. Henry Kemble, Reinteron.

Rent Controls Off Two Hours; On Again

ALLENTOWN, Pa. (AP)—Off went controls in this Eastern Pennsylvania city yesterday.

Back they came again just two hours later.

For months the City Council gathered data on the question of keeping rent controls. After many hearings and debates, the Council voted unanimously yesterday to lift them. This was done under a 1952 federal law which leaves the question to local governments.

About two hours later, Rep. Karl C. King (R-Pa.) was notified that federal authorities had classified the city as a critical defense area—and rent controls were to be restored.

Weather Forecast
Extended forecast for the period Wednesday, Oct. 1 through Sunday, Oct. 5:

FIFTY YEARS AGO

Local Miscellany: New corn is selling at 45¢ per bushel.

The employees of this office were treated to a basket of delicious Florida fruit on Saturday, the gift of our friend, Albert K. Minnigh. Mr. Minnigh spent last winter at Gainesville, Florida, and last week received from a friend in that place a fine lot of fruit. The employees return their thanks to Mr. Minnigh for sharing with them his present.

Seven car loads of coal passed through town on Friday. The coal was in sealed box cars and was consigned to the York School Board.

One hundred years ago coal was discovered as a fuel. Strange to say, it is almost as scarce in this immediate section now as it was then. The Carlisle Indian foot ball team defeated the Penn'a. College eleven at Carlisle last Saturday by the score of 25 to 0. The game was well played and considering the strong make-up of the Indian team, our boys did exceedingly well.

There are now but five prisoners in jail.

The furniture factory is now employing 16 hands.

The new daily paper soon to be started by A. P. Seilheimer, will be named Progress. Mr. Seilheimer is a writer of no little ability and the columns will no doubt be spicy.

The Electric Light Company has installed 65 electric meters and will in the future charge for light and power by measure.

Mrs. Dr. Thomas moved her household effects from Arendtsville to the house of Mrs. Elizabeth Warren, Chambersburg street.

Boys' Drum Corps Reorganized: The Gettysburg Drum Corps recently disbanded owing to several of the members having left. The Corps has been reorganized and will be in charge of Allan B. Plank, who will spare no pains in making it a good musical institution. It deserves the support of our citizens in general.

Plank Helps to Win Pennant: The Athletic base ball team of Philadelphia, of which our "Eddie" Plank is a member, has won the pennant in the American Association and on Monday played a game with the Wilmington Club at Philadelphia, the Athletics winning by the score of 8-10. There were over 11,000 people out to witness the game and cheered the champions who won the pennant. "Eddie" pitched the first two innings.

In the evening a magnificent parade was had in honor of the champions in which thousands of enthusiasts marched amidst brilliant electric illuminations and red fire, inspired by martial musical and cheering crowds.

Mr. Plank did considerable to win the pennant for the Athletics. During the season he made for himself a brilliant record. Of the last 16 games pitched by him, he won 14. Eddie has signed with the Athletics for the next season and we predict for him a successful season.

Young Gives Exhibition: Charles Morris Young, the artist, gave an exhibition of his work at his studio on Saturday afternoon and evening. The pictures are finely executed and are in line with Mr. Young's superb work. Mr. Young leaves this week for his studio in Philadelphia.

Marriages: Kaiser - Barnhart - Sept. 30th at Conewago Chapel, by Rev. F. D. J. Carey, Vincent Kaiser, of Hamilton township, to Miss Treva Barnhart, of Oxford township.

Julius-Mehring - Sept. 24th, at Littlestown, by Rev. J. Hamilton Smith, John W. Mehring to Lydia M. Julius, of Littlestown.

Wedding Bells: The wedding of Robert C. Robert, son of Mr. and Mrs. J. Lawrence Robert, of Franklin township, and Miss Elsie C. Lower, of McKnightstown, took place at the home of the bride's parents Wednesday at 1:30 P.M. The ceremony was performed by Rev. J. P. Mackley. The bride party marched to the music of "Narcissus," played by Miss Alma Lower. They will make their future home in Philadelphia.

Personal Mention: Miss Helen Ziegler, who has been spending some time at Philadelphia and other points, returned home Thursday evening.

ON BEING CHEATED

When I was a very small boy I saw a tiny wooden horse in a store that I wanted very much. It stood so firm and beautiful in the showcase. I told my mother about it and was given its price, which I recall was about ten cents. It was wrapped up and I took it home full of childish glee, but when I unwrapped it I discovered I had been given a broken horse and not the one that took my eye.

This one incident I never forgot. I had been cheated. It was revealed to me that all people were not honest. Even at that I had to live a long time before I could accept the fact that some people meant to cheat.

In that absorbing little book by Logan Pearsall Smith, "All Trivia," I came across this paragraph: "It is always worth while to be cheated; people's little frauds have an interest which amply repays what they cost us." We have to pay for these little and big cheats, I have well learned, but it seems to me that the cost in all cases may prove too great, for it often happens that we lose what we counted upon as a friend. A little cheat, however, may save us a big one, so that in the end the cost may, as Smith wrote, be worth while!

As a boy in early school I recall in my penmanship book that line so famous: "Honesty is the best policy." True, but Oh how true! I believe it was Benjamin Franklin who once paid too dearly for a whistle, and deep within him believed that he had been cheated — perhaps by himself.

You will recall how that ancient Greek, Diogenes, went around with a lantern hunting for an honest man. I have often wondered if he ever located him! And, if he did find him, I wonder what he did about it. This we do know, those of us who have lived a long time and experienced much, that a person of honor and integrity is a rare treasure — to have and to hold for an entire lifetime. It isn't pleasant to be cheated — either by an individual, a business, or by one's government.

Tomorrow Mr. Adams will talk on the subject: "For Love of People and Places."

THE WAY OF NATURE

I like the way of Nature. When the year is growing old She wears her finest raiment and is lovely to behold. With her working clothes discarded, as she settles down to rest, In brocades of gold and scarlet she is beautifully dressed.

Just as every other woman, done with life's routine affairs, When she dresses for the evening all her finest things she wears. She does her best to cover every line of time and toll So that nothing that is ugly may be left her charm to spoil.

She is radiant as an actress who comes smiling to the stage. Not before she reaches winter will she show a sign of age. As I stare at Mother Nature in her gown of red and gold I wish that men and women could as gracefully grow old.

PAY DEBT BY ENDING WASTE, BANKERS TOLD

ATLANTIC CITY, N. J. (AP)—The United States would pay off its national debt in 25 years if wasteful government expenditures were eliminated, the American Bankers Association was told Monday.

In a talk prepared for delivery before the ABA's 78th annual convention, Joseph Earl Perry, head of the association's Savings and Mortgage Division, said the national debt, which he estimated at 235 billion dollars, could be retired in 25 years with an annual payment of \$13,750,000,000.

Perry, president of the Newton (Mass.) Savings Bank, declared: "As the current cost of interest on the public debt is a fluctuating figure in the vicinity of 7.13 billion a year more than we are now paying in order to extinguish the entire national debt in the next quarter century."

Perry said most responsible authorities believe "it would be possible to save these extra few billions each year merely by the elimination of waste and without impairment of our national defense or any essential federal function."

GATHER TOTALS ON REGISTRATION

HARRISBURG (AP)—Reports from half of Pennsylvania's 67 counties today showed a gain of 356,213 in voter registration for the November election from the total April primary enrollment of 4,770,383.

The registration gain from 34 counties reporting took the total to 5,126,596, more than 100,000 above the state's previous all-time figure of 5,014,710 in 1940.

Thirty-three counties still have to complete tabulating the result of an intensive registration drive, which ended Sept. 13. They include such big counties as Berks, Delaware, Erie, Luzerne, Lackawanna, Lancaster, Montgomery and Schuylkill.

The registration figures for the fall election, so far tabulated, represent official figures from 32 counties and unofficial totals from the metropolitan areas of Pittsburgh and Philadelphia.

The Allegheny and Philadelphia figures are subject to revision by final checks now being made by those registration commissions.

State Democratic Candidates On Tour

HARRISBURG (AP)—Three Democratic candidates for statewide office set off on separate campaign tours this week after learning that President Truman intends to make a speech in Pennsylvania the week before the Nov. 4 election.

The President disclosed his plans early Sunday when his special train made a service stop at Pittsburgh. He did not say where he would speak or give the exact date.

Another weekend development was the appointment of a three-man committee to direct a statewide campaign Oct. 8-15 to raise funds for the national and state campaigns.

State Chairman Maurice Splain Jr. said 60 per cent of the money raised will go for national expenses while the rest will be retained for expenditures in Pennsylvania.

HEAR BANKER ON RALLY DAY

The annual Rally Day services were held at St. John's Lutheran Church on Sunday morning at 9 o'clock. Arthur E. Bair, local banker, was the guest speaker. Mr. Bair spoke on the subject "The Church Sustains and Maintains That Which Our Democracy What It Is."

The program was in charge of the Sunday School superintendent, Paul E. King. Youth Day Sunday was observed at St. John's during the Sunday worship service at 10:15 a.m. The sermon was presented by the pastor, the Rev. William C. Karns. He was assisted with the service by Nancy Trump, Ann Karns and Gary and Ronald Strevig. A selection was sung by the members of the Junior Choir.

The following announcements were made by the Rev. Mr. Karns: This evening, 7:30 o'clock, the monthly meeting of the council will be held at the church; Wednesday, 6:30 p.m., Junior Choir rehearsal. The rehearsal of the Senior Choir has been cancelled this week. Thursday, 6:30 p.m., there will be a dinner meeting and workshop on stewardship to be held at St. James Lutheran Church, Gettysburg, for the councilmen of the various Lutheran churches of this area. The affair is being sponsored by the Federal Pennsylvania Synod of the United Lutheran Church in America. The members of St. John's Council plan to attend. Friday, 7:30 p.m., the fall preparatory and Holy Communion service will be held.

No. 10:15 a.m., administration of the Holy Communion. Oct. 4, full length sound film on the life of St. Paul will be shown and the public is invited. A free offering will be received.

C. E. Society Meets "Jesus Gives A Model Prayer" was the topic for discussion at the meeting of the Christian Endeavor Society of St. John's Church on Sunday evening.

The meeting opened with a song service, for which Miss Evelyn Harget served as pianist. The Scripture lesson was read by Shirley Jones and prayer offered by Mrs. George Trump. Joanne Selby was the leader for the discussion of the topic. Mrs. Trump, the president, was in charge of the business period. The secretary's report was given by Margaret Myers. Ronald Strevig was selected to be the leader for the meeting next Sunday evening, 6 o'clock, at the church when the topics "What Is The Church?" and "What Christianity Has Given The World" will be discussed. The meeting closed with the C. E. benediction repeated in unison.

The Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226, will hold its semi-monthly meeting on Wednesday evening at 8 o'clock at the Eagles Home, West King St., at which time plans will be furthered for a party for the public scheduled for Saturday, Oct. 4, at 8 p.m. Committees in charge of arrangements for the party include: refreshments, Mrs. Clara Jacoby, Mrs. Florence Sheely, Mrs. Edna Olinger and Mrs. Hilda Conover; prize committee, Mrs. Mary Ayres, Mrs. Mabel Rittase and Mrs. Ruth Crouse.

Phyllis Markle was the leader for the meeting of the Christian Endeavor Society of Christ Reformed Church, held on Sunday evening at the church. The program presented was as follows: Song service in charge of Wilbert Messinger with Lucille Shoemaker as piano accompanist; call to worship, read by the leader; Scripture lesson, Shirley Markle; prayer offered by Richard Berwager; offertory piano solo played by Joan Bair; discussion of the topic, "Making the Best of Second Choices," led by Lewis E. Bair, a teacher in the Christ Church Sunday School.

The business session was in charge of the president, Mervin K. Myers. The secretary, Phyllis Markle, gave her report. The secretary was then appointed as the Evangel reporter for the society. It was announced that the Adams County Christian Endeavor Society is sponsoring a hayride at the home of Mervin K. Myers, near town, this Wednesday evening. Donald Berwager was selected to be the leader for the meeting next Sunday evening at 7 o'clock, when the topic "What Is The Church?" will be discussed. The meeting concluded with the Lord's Prayer and the C. E. benediction repeated in unison by the group.

next meeting will be held next Sunday evening at 6 o'clock.

A large congregation was present for the annual Harvest Home service at the Centenary Methodist Church on Sunday morning, when the chancel was decorated in keeping with the harvest season, as arranged by Mr. and Mrs. Chester S. Byers. The food and other articles comprising the "horn of plenty" was contributed to the Methodist Children's Home, at Mechanicsburg. The Harvest Home message was presented by the pastor, the Rev. Harvey B. Simons. A special anthem was sung by the Adult Choir, accompanied by Mrs. Harvey B. Simons, church organist. The pastor announced the rehearsal of the Adult Choir of Centenary Methodist Church on Thursday evening at 7 o'clock.

The Consistory of St. Mary's Reformed Church, Silver Run, will hold its October meeting on Wednesday evening at 7:45 o'clock in the library room of the church.

TRUMAN SAYS IKE'S BLUNDERS PERILED PEACE

By ERNEST B. VACCARO
ABOARD TRUMAN TRAIN (P)—President Truman accused Gen. Dwight D. Eisenhower today of having endangered the country as commanding general in Europe by grave "blunders" which left America unaware of Russia's threat to world peace.

He said Eisenhower's advice that he saw no reason why Russia and the United States would not remain "the closest possible friends" carried "great weight" and "did a great deal of harm."

If Eisenhower had given "better advice in 1945," Truman continued, "we wouldn't have had so much trouble, in winking up the country to the danger of Communist imperialism in 1946 and 1947 and 1948."

Increasingly Bitter
Truman chose a whistle stop speech at Havre, Mont., to launch the latest of increasingly bitter attacks on the Republican presidential nominee in reply to Eisenhower's own charges of blunders by the Truman administration in the field of foreign policy.

Truman quoted Eisenhower as having told a congressional committee in November of 1945: "There is no one thing that guides the policy of Russia more today than to keep friendship with the United States."

Great Deal Of Harm
Truman then went on to say of his own former Army chief of staff:

"His foresight was not nearly as good as his hindsight."

"Of course, we can all make mistakes, but the Republican candidate was the commanding general in Europe and was in close contact with the Russians. His advice carried great weight and it therefore did a great deal of harm."

It is true, the President continued, that "we were all trying immediately after the war to find a means for living with the Russians on a peaceful basis."

Should Admit Blunders
"I don't blame the Republican candidate for his part in that," Truman added, "but he ought to be honest enough to admit his blunders about the Russians."

"I get tired of all the Republican speeches and all their propaganda saying that the Republican party has been out in front against the danger of communism. It simply isn't so."

Back in 1946 and 1948, Truman said, Gov. Stevenson, on important missions to Europe, "saw what the Communists were up to, worked mightily for international cooperation" and was "one of the first to warn that the Russians were becoming a threat to Europe."

The Republicans, the President asserted, "haven't had a single constructive idea about foreign policy since Sen. Vandenberg died." He referred to the late Michigan Senator, who is regarded as the architect of the bi-partisan foreign policy.

The President carried his anti-Eisenhower barrage into Montana after telling North Dakota voters the general should be sent "back to the Army where he belongs."

The goal in his current 8,500-mile coast-to-coast tour shaped up as an effort to strip Eisenhower of his glamour by picturing him as the dupe of an "unholy crew" of campaign advisers.

Littlestown

LITTLESTOWN—A cowboy party was held on Sunday afternoon from 3 to 5 p.m. on the lawn at the home of Mr. and Mrs. Albert H. Miller Jr., East King St., in honor of the sixth birthday anniversary of their son, Albert III, which occurs today. The guest of honor was the recipient of many gifts which were opened and displayed. Games were enjoyed by the guests all of whom came in cowboy and cowgirl attire.

Prizes for games went to Philip Martin, Ronald Ruggles, John Martin Jr., Ann Kroh and Albert Miller. Refreshments, including a large cake decorated with miniature plastic cowboys and Indians, in keeping with the Western motif of the party, were served to Connie Gillespie, Ann Kroh, Margaret Mary Altoff, Linda Knipple, Thomas Shildt, Billy Peart, Laurence Altoff, Ronald Ruggles, Thomas and Arthur Byers, Dwight and Gary Wintrobe, Bryan Long, Richard Maitland, Terry and Jerry Pottorff, Barbe and Shelley Miller and the guest of honor, from town; Jean Miller, Nancy and Christine Martin, Philip, Bruce and John Martin Jr., Robert Lee and Donald Miller, of Hanover; Mrs. Kenneth Byers, Mrs. Richard Wintrobe, of town; Mr. and Mrs. John Martin, Mr. and Mrs. John Bolden, Mr. and Mrs. Albert H. Miller Sr., Hanover, and Mr. and Mrs. Albert H. Miller Jr. Upon their departure, each guest received a "Howdy Surprise" package, containing candy and a gift.

The baseball team sponsored by Robert J. Stoner, in the radio baseball game of the air over Station WHVR, Hanover, which won the first half of the series, is participating in a three-game playoff series with the winners of the second half Monday evening and this evening at 8 p.m. Winners will attend the World Series game on Wednesday the Stoner team are George Snyder, Barton Yohn, Larry Snyder, in Brooklyn, N. Y. Members of the team are James Zulek, Donald Zepp, Larry Feeser, William Simons and Terry Brown.

SPOTLIGHT IS BACK ON ISSUE OF COMMUNISTS

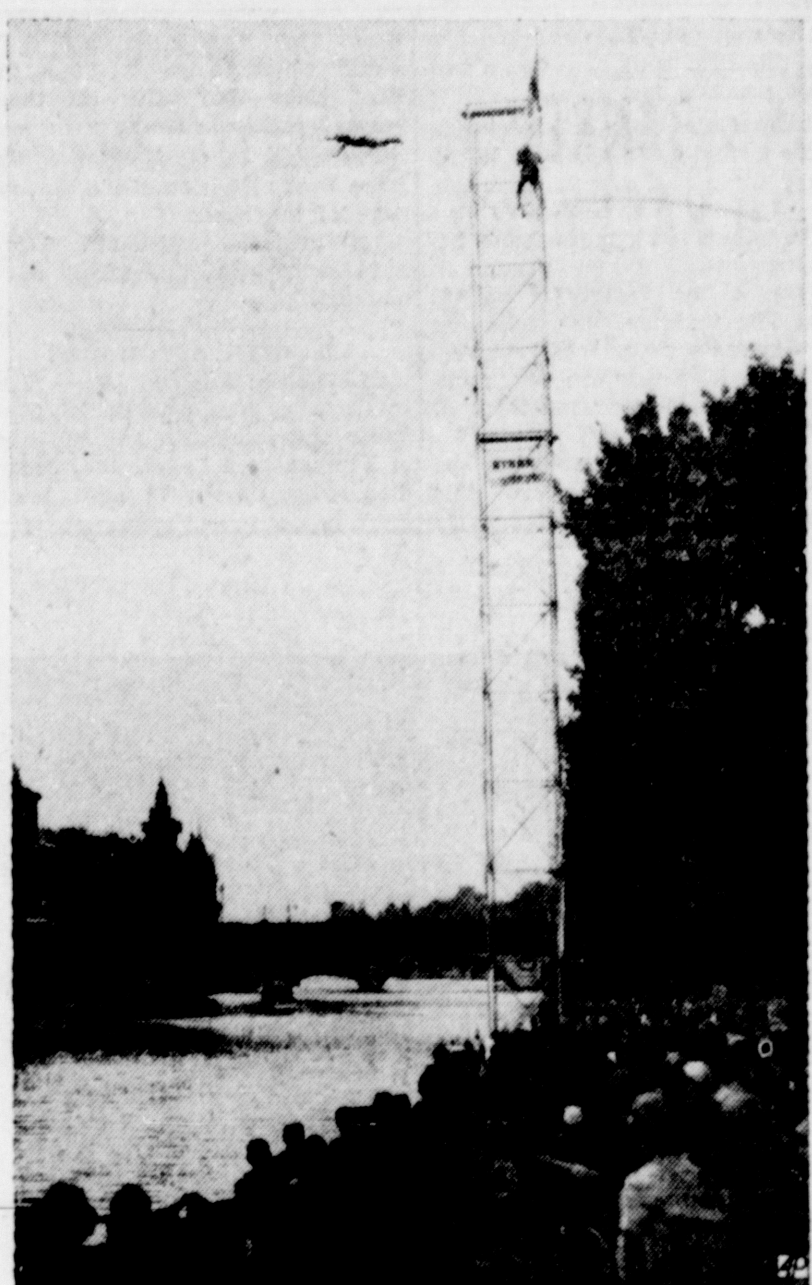

NEW YORK (P)—Gen. Dwight D. Eisenhower swings the political spotlight on the Communist issue today on the basis of Gen. Walter Bedell Smith's assumption that the Reds have penetrated every U. S. security agency.

Before a plane takeoff for Columbia, S. C., the Republican presidential nominee worked on a speech aimed at throwing the Democrats on the defensive on the Communist question.

For his text, the general took the testimony of Smith, an old comrade in arms, in Washington yesterday that Smith assumes Communists have infiltrated even the Central Intelligence Agency, which he heads.

Adroit And Adept
Testifying on a deposition in the two-million-dollar libel suit of Sen. Joseph R. McCarthy (R-Wis.) against Sen. William Benton (D-Conn.), Smith said he believed the Communists were "so adroit and adept they have infiltrated every security agency of the government."

He said he had not found any in the CIA, and would have rooted them out if he had, but believes there are some operating, possibly

TO BENEFIT A CHURCH — The Abbe Simon, diving for past two years to help collect funds to rebuild his church in East France, plunges 114 feet into River Seine in Paris.

even on his own staff.

Arthur Summerfield, Republican national chairman, said Smith's statement demonstrated that the "national safety has been endangered" by what he called "looseness" in Washington security measures.

A Break For GOP
Eisenhower planned to develop this Republican reaction in his Columbia speech late today.

The Democratic presidential nominee, Gov. Adlai E. Stevenson of Illinois, has needed Eisenhower subtly to make public a statement of his financial affairs—an accounting that James A. Hagerly, the general's press representative, said would be given "later on" in the campaign.

The Eisenhower camp, pushed into the defensive over the week end by Stevenson's action in baring his income tax returns for the last 10 years, greeted the Smith testimony as a major campaign break.

Clair Boothe Luce To Talk
Eisenhower's advisers feel that the Democrats are particularly vulnerable on the Communist issue. In an effort to appeal to the women's vote on this subject, the Republican National Committee arranged to have former Rep. Clare Boothe Luce of Connecticut speak on it on a national radio-television broadcast tonight.

These developments gave Eisenhower a topical sendoff for an 8,000-mile campaign tour opening today at Columbia.

To Return To Train
Gov. James F. Byrnes of South Carolina will introduce the general. Byrnes, a lifelong Democrat and holder of high offices at the hands of the party, has announced he will vote for Eisenhower.

Development of the Communist issue could push into the background in Eisenhower's Columbia speech the touchy civil rights issue on which Byrnes left the national party by saying he would not support Stevenson.

After his one-shot invasion of

Dixie at Columbia, Eisenhower planned to fly to Cleveland tonight to join his campaign train for some rest before he begins an arduous whistle-stopping tour with an early morning speech at Bay City, Mich.

KOREAN ACTION IS DEFENDED BY GOV. STEVENSON

SPRINGFIELD, Ill. (P)—Gov. Adlai E. Stevenson, defending the administration's action in Korea, declared last night that when the Communists crossed the 38th Parallel "that was the testing point for freedom throughout the world."

The Democratic presidential nominee asserted in a nation-wide television and radio broadcast that when the Reds were stopped in Korea the action "was received with enthusiastic shouts of approval by the overwhelming majority of the American people, and even by the Republican leadership."

But now, he added, the Republicans "attempt to make you believe that it was almost an act of treason."

What Would They Say?
"But what do you think they would be saying now if we had not stopped the enemy in Korea, if Japan was falling bit by bit to the enemy?" he asked. "Would they not now be saying that Harry Truman and Joseph Stalin were boyhood friends in Outer Mongolia?"

He said that "the Republican leadership is now telling us that 'the danger to this nation is from within, not from without. The danger lies not in Moscow, but in Washington. Your enemy is not Joseph Stalin, but Harry Truman, or even possibly Adlai Stevenson.'"

This country, he declared, "must play the principal part in saving ourselves, our friends and our civilization" from "this monster tyranny" of communism.

Only One Answer
"How long can we keep on fighting in Korea, paying high taxes,

helping others to help ourselves?" he asked.

"There is only one answer: We can keep it up as long as we have to, and we will."

He said his mail indicated the people are troubled most by these four questions:

"Korea, how serious is the Communist danger in this country, is our prosperity in danger, and can we get the highest integrity and dignity in government?"

Individual Morals
Taking up these issues, he said: "No approach to the problem of corruption in government is good enough if it ignores the deeper problem of corruption in men."

"We do not say that a bank is corrupt because cashier embezzles. The problem of corruption and graft in the simplest form is a problem of individual morals, public and private."

"Behind every crooked tax collector is a crooked tax payer."

He praised Democratic Sens. Estes Kefauver of Tennessee, Paul Douglas of Illinois and William Fulbright of Arkansas and Reps. Frank L. Chelf of Kentucky and Cecil R. King of California. He said they all "have distinguished themselves in the first against evil in and out of government."

On the issue of communism in this country, he said that "I don't believe oaths and affidavits are much good, because a real Communist does not hesitate to lie."

"Close screening of government employees and the quiet, professional work of the FBI is the best way to turn over every stone in this country and see what lies beneath," he added.

In an apparent slap at Sen. Joseph McCarthy, Wisconsin Republican, he added that "this is a job for professionals and I think it can be done without slandering innocent people."

BILLY LOCKS OUT ELEANOR

NEW YORK (P)—Billy Rose switched locks, and predicaments, on his estranged wife Sunday night and indirectly provided the public with an impromptu show possibly rivaling his best stage efforts.

The dapper showman locked his wife, Eleanor Holm, out of the Manhattan mansion they once shared in happier days and the same residence she had barred to him in Oct., 1951.

Mrs. Rose played herself, but her dapper husband turned his lines over to a supporting cast.

Rose Saturday night broke into the Beekman Pl. house. His wife hurried back to New York from Miami, Fla., to try to regain possession of the house.

When she got here Sunday and tried her key, it didn't work in the lock. She was barred just as Rose had been when she switched locks on him a year ago when their impending separation was just a rumor.

One of Rose's lawyers, Sidney

Strubel, and four Rose-hired private detectives blocked her entrance into the house.

Mrs. Rose's attorney, Walter Beck, said she had a court order entitling her to legal possession of the house.

Rose's attorney replied that she was living there only with Rose's permission and now had to go elsewhere. Strubel said Rose would pay her hotel bills.

Finally Mrs. Rose climbed in her car and called over her shoulder: "This shows you how gallant my husband is—how gallant Billy Rose is."

The Roses were legally separated Sept. 10. The matter of the house is expected to be decided when alimony will be determined in state Supreme Court Oct. 15.

HARRISBURG (P)—The Pennsylvania Osteopathic Association installed Dr. John McE. Ulrich, Steelton, president for the coming year at the end of its annual convention over the week end.

Dr. Ulrich succeeds Dr. Frederick E. Arble, Carrolltown, in the post. Dr. Robert R. Anderson, Philadelphia, was chosen president-elect.

DIXIE'S SOFT COAL OPERATORS DECIDE TODAY

By NORMAN WALKER
WASHINGTON (AP) — Dixie's soft coal operators meet today to decide whether to face a certain strike tomorrow or bow to contract terms laid down by John L. Lewis.

As has been the case on several past occasions the Southern owners were up against an accomplished fact: Lewis had a fat contract with the rest of the industry already tucked away in his pocket.

So the 29-member Board of Directors of the Southern Coal Producers Association convene with a choice of a strike or accepting the same terms—a \$1.90 a day pay boost and a 10-cent-a-ton royalty increase.

Walkout Possible
Lewis, 72-year old president of the United Mine Workers, signed the new one-year agreement late yesterday with Harry Moses, representing Northern bituminous operators. Western mines had agreed in advance to take whatever Moses negotiated.

The new contract terms shove the miners' basic daily wage up to \$18.25 and the royalty to 40 cents a ton. Estimated to yield about 180 million dollars a year under the increased rate, the royalty goes to the union's welfare fund to pay for miners' pensions and other benefits.

Even if the Southern owners avoid a strike tomorrow by accepting the same terms, an industry-wide walkout could develop in mid-October if the government's Wage Stabilization Board hasn't approved the wage increases by then.

Need WSB Approval
This possibility was recognized by Moses in a letter to Northern operators. Moses counseled that it would be too risky for any owner to pay the added wages in the customary semi-monthly paychecks, due Oct. 15, without the WSB's approval. The government can penalize employers making unauthorized wage payments.

"In the event that it is not approved by that time," Moses wrote, "we will advise the United Mine Workers that we cannot legally pay the increases until the approval is forthcoming, and the United Mine Workers then will be required to decide their own course of action."

Gen. Smith vigorously defended Marshall, saying:
"Of all the men I've known, and in the last 10 or 15 years I've known most of the great men of the world, I know of none who excel and few who equal George Marshall for loyalty, honesty and integrity."

He also said he believed two other comments McCarthy made in his speech—read to him by Benton's attorney—were incorrect.

One said the Marshall Plan helped the Kremlin because it was substituted for a plan of direct military aid. The other said the Marshall Plan caused the United States to be considered a "patsy" in Europe, and held in contempt there.

Smith said on the contrary the Marshall Plan was considered a "stroke of genius" in Europe.

BIBLE DAY IS BEING MARKED; MILLION SOLD

By ARTHUR EDSON
WASHINGTON (AP) — Today is Bible Day.

The first complete revision of the King James Version of the Bible in 51 years will be published. Thirty-two scholars have worked on it for 15 years.

A new Roman Catholic translation of the first eight books of the Old Testament, also coming out today, is the 10-year work of 40 scholars.

Ceremony At Library
The Library of Congress celebrates the 500th anniversary of the first book printed from movable metal type, the Gutenberg Bible, with a special ceremony and an exhibit of rare Bibles.

And the Postoffice is issuing a

special Gutenberg stamp. No other book has come close to approaching the popularity of the Bible.

Advance Sale Of Million Copies
Many an author would feel he had hit the big time if his book sold 25,000 copies. It has been estimated that a billion Bibles have been sold.

Yet the demand remains undiminished. The new revised edition has an advance sale of a million copies.

With its hold on Western civilization, it isn't surprising that the first book printed was the Bible.

But it may surprise you to learn that this first book also was a top-flight printing job.

Jhann Gutenberg and his associates turned out 200 Bibles. Forty-six of these still are in existence.

Achieved High Standards
The famed Gutenberg Bible belonging to the library is printed on vellum, a fine variety of animal skin. The text is Latin, following St. Jerome's fourth-century version. The headings are red, making it the first color print job of all time.

For nearly five centuries the Benedictine monks owned this

book. They took such care of it—and it was so well made in the first place—that after all these years it still looks fresh.

Frederick R. Goff, chief of the Rare Books Division of the library, says of the book:

"It achieved standards we've never surpassed, and rarely have equaled."

IS SPEAKER AT
BIBLE SERVICE

A special service in observance of the publication of the National Revised Standard Bible was held on Sunday evening in St. Paul's Lutheran Church, with a large congregation in attendance. The Rev. Dr. Jacob M. Myers, professor of Old Testament Theology at the Lutheran Theological Seminary, Gettysburg, was the guest speaker. The service, in charge of the host pastor, the Rev. David S. Kammerer, opened with the invocation, given by the Rev. Frank E. Reynolds, pastor of Redeemer's Reformed Church, followed by the responsive reading led by the Rev. Mr. Reynolds: Scripture lesson, Mark 4:14-20, read by the Rev. Harvey B. Simons, pastor of Centenary Methodist Church; prayer by the Rev. William C. Karna, pastor of St. John's Lutheran Church; offering received in charge of the Rev. Mr. Kammerer; anthem by the Senior Choir, directed by L. Robert Snyder with Mrs. Winfield Lippy, church organist, at the console; announcements by the Rev. Mr. Reynolds and the sermon by the Rev. Dr. Myers.

The Rev. Mr. Kammerer then read a communication from the Rev. Dr. Luther A. Weigle, dean emeritus of the Yale Divinity School, New Haven, Conn., who served as chairman of a committee of 32 in charge of editing the new translation of the Bible. The Rev. Dr. Weigle was born and reared in Littlestown and is expected to return here during

Pennsylvania Week to receive the Pennsylvania Ambassador Award for his outstanding work on the revised standard version of the Bible.

The service was concluded with the benediction by the pastor of the host church and the Dixology. The service was sponsored by the Littlestown Ministerium and the general plan was arranged by the Pennsylvania State Sabbath School Association.

Men Serve Supper

Two hundred roast chicken suppers were served by the Men's Brotherhood of St. John's Lutheran Church on Saturday afternoon and evening in the church basement. A bazaar table was also conducted during the serving.

The Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church, and six members of the church council will attend a dinner meeting and stewardship workshop at St. James' Lutheran Church, Gettysburg, Thursday at 6:30 p.m., for the members of the councils of the Lutheran churches of this area. The affair is being sponsored by the Federal Pennsylvania Synod UCLA. The group will leave town at 6 o'clock that evening.

The annual picnic of the Windsor Shoe Company was held on Saturday from 10 a.m. to 6 p.m. at Big Pipe Creek Park, near Taneytown, with 770 employees and guests in attendance. Activities began with an address of welcome by Frank J. Krocak, vice president and general manager of the company; the National Anthem was sung and executives of the A. S. Beck Shoe Corp., of which Windsor is a subsidiary, were introduced and extended greetings. Refreshments, including hot and cold sandwiches, soft drinks, ice cream and other picnic items, were available throughout the day. Games and contests were staged from 1:30 to 3 p.m.; from 3 to 5 p.m. there was

BEVAN'S LEFT
WINGERS WIN

MORECAMBE, England (AP) — Aneurin Bevan's left wingers won new power in British socialism today.

They gained two more seats on the Labor party's key National Executive Committee and ousted the party's No. 2 old guard leader, former Foreign Secretary Herbert Morrison, from the group.

Results announced today from secret balloting gave the Bevan forces six of the seven seats allotted on the 27-member Executive to local Labor party units. One-time Chancellor of the Exchequer Hugh Dalton was the other Attlee man unseated in the test of strength between the Bevanites and the party's moderates.

The Attlee forces still counted on roller skating and from 4 to 6 there was dancing.

Contest Winners

Contest prizes were awarded at 5 o'clock on the dance floor, as follows: Members of the winning softball team who each received \$3. Lake Shanebrook, captain, Markle, Stone-sifer, Humbert, Robert Koontz Jr., Robert Koontz Sr., Weaver, Mum-mert, Welty, Cool and Busbey; shoe scramble for single girls, Shirley Koontz, Joan Koontz and Doris Krichton, who received \$5, \$3 and \$2; shoe scramble for married women, Esther Hess, Dorothy Smith and Nancy Nunemaker, \$5, \$3 and \$2; balloon contest for boys, Johnny Flynn, \$3, \$2, \$1; balloon contest for girls, Connie Boyd, Mildred Koontz and Wanda Flynn, \$2 each; paper cup contest for women, Esther Hess, Dolly Markle and J. Hollinger, \$3, \$2 and \$1; peanut scramble for girls, Janice Breighner, Joan Zeigler and Connie Snyder, \$3, \$2 and \$1; peanut scramble for boys, Gerald Cool, Edward Koontz and Burnell Weaver, \$3, \$2 and \$1; horse shoe pitching contest, Sterling Flickinger and Chester Little, Mr. Little, the winner, was formerly York County champion and entered the contest by popular request. Upon receiving the prize, he donated the shoes used for the contest, which he provided, to the company, for use at future picnics.

Irving Borscher served as master of ceremonies. Jackson Scott was in charge of registration for contests and Harry D. School took care of the skating tickets. Various committees from the factory served the refreshments, cafeteria style. Upon entering the grounds, each child received balloons and lolly pops.

Sunday dinner guests at the home of Mr. and Mrs. Charles Hare, Lumber St., included their son and daughter-in-law, Mr. and Mrs. Mark Hare, and daughters, Pauline and Louise, Little; their son-in-law and daughter, Mr. and Mrs. Felix Lawrence, Prince St., and Miss Annie Althoff.

the backing of the rest of the committee, but the vote for the local, or constituency, seats was considered an accurate reflection of the feeling among socialism's rank and file members and a clear indication of the fiery Welshman's growing strength in his fight to wrest the party leadership from Attlee and Morrison.

HARRISBURG (AP)—A state expert said today that employment totals in Pennsylvania will probably average less this year than the 1951 postwar peak because of the steel strike.

A. J. Caruso, executive director of the Bureau of Employment Security, said this year's averages for eight months are 20,300 under the average for the 12 months of 1951.

Procter
& Gamble

and Ernie,
the Hamburger
King

Procter & Gamble is the biggest advertiser in America.

Last year they spent over \$18,000,000 in radio. Like the National Biscuit Company, Liggett & Myers and many other of America's largest advertisers, they invested more money in radio than in any other medium. Ernie, the Hamburger King, of 118 Pike Street, Seattle, is one of the smaller advertisers in America.

Last year Ernie spent approximately \$7,000 in radio. Like countless other local merchants from coast to coast, he invested more money in radio than in any other medium.

Sales results? P&G had the biggest year in its history. So did Ernie. (In fact, Ernie's sales climbed to an average of 1,200 hamburgers a day.) The truth is that at both the national and local level, radio offers economy and flexibility that no other medium can touch.

And do you realize how much the radio-listening population has grown? Today there are 105,300,000 radio sets in the U. S. A. Virtually every home is a radio home—and over half of them have two or more sets.

The average American now spends more time with radio than with magazines, TV and newspapers combined.

Beyond question, the smartest buys in all advertising are being made in radio. And they're being made right now.
